Re: **Mandate for Decriminalisation of Sex work**

Dear Minister Mafumadi

The House is a group of project intrinsically involved with the lives of juvenile and adult prostitutes.

We have requested on numerous occasions a copy of Safety and Security's mandate for the decriminalisation of prostitution. To date our request has been ignored by Gauteng Safety and Security. Attached are only some of the correspondence addressed to Gauteng Safety and Security: the Deputy Director for Policy - Mr Sylvester Rakgoadi and the MEC for Public Safety and Security - Ms Jessie Duarte.

We urgently request your office to please assist us to obtain a copy of the mandate as soon as possible.

Your assistance is greatly appreciated.

Yours sincerely
